

PATENT

REMARKS

The Examiner has allowed claims 35 – 37. Claims 35 – 37 are method claims. Under section 37 CFR 1.312, Applicants would like to add apparatus claims 38-40 corresponding to the allowed method claims. Applicants believe there is no need for prior art search for claims 38 – 40 since the limitation of the claims correspond to the allowed method claims 35 – 37.

Upon review of the subject application, Applicants discovered several errors in the specification and/or claims that are corrected by this Amendment. Applicants believe that no new matter is added to the application nor is the scope of the claimed invention affected.

Should the Examiner have any questions or comments regarding these amendments, he/she is cordially invited to telephone the undersigned at his convenience.

Respectfully submitted,
